

Regional Cooperation in Energy Efficiency Program Implementation in the Southwest

October 28-29, 2004

Las Vegas, Nevada

Agenda

October 28

- 7:30 Continental Breakfast
- 8:30 Welcome and Introductions
Howard Geller, Southwest Energy Efficiency Project
Bob Balzar, Nevada Power Company
- 9:00 *Overview of Utility Energy Efficiency Programs and Policies in the Southwest*
Howard Geller
- 9:40 *Northwest Energy Efficiency Alliance – Activities, Results, and Lessons*
Marci Sanders, Northwest Energy Efficiency Alliance
- 10:20 Break
- 10:35 *Energy Star Programs – Opportunities for Collaboration*
Maureen McNamara – U.S. EPA
- 11:20 *Consortium for Energy Efficiency - Opportunities for Collaboration*
Marc Hoffman – Consortium for Energy Efficiency
- 12:00 Lunch
- 1:30 Cooling Technologies: Opportunities for collaboration, Tony Schaffhauser, National Renewable Energy Laboratory, facilitator
- Modern evaporative cooling; night ventilation; highly efficient compressor-based cooling
- 2:30 Electricity and Natural Gas Overlap: Opportunities for collaboration, Jeff Bumgarner, PacifiCorp, facilitator
- New construction programs, home retrofit programs, Energy star appliances and HVAC systems
- 3:30 Break
- 3:45 Discussion of other areas of interest, Bob Balzar, Nevada Power, facilitator
- 5:00 Adjourn
- 6:30 No-host dinner

October 29

- 7:30 Continental Breakfast
- 8:30 Energy and water nexus – possible areas for cooperation, Jim McMahon, Lawrence Berkeley National Laboratory and Kathleen Hogan, U.S. EPA (invited), presenters and facilitators
- 10:00 Break
- 10:15 Discussion and selection of specific areas for future collaboration and next steps, Howard Geller, facilitator
- Which technologies/projects are highest priority? How to move forward in each area?
 - Is there interest in starting a regional market transformation coalition or organization at some point in the future?
 - Who else should be contacted and invited to participate?
 - Is there a need for future meetings?
- 12:00 Adjourn
